# DR. PIERCE'S HALFWAY STOP

You can get treatments at the INVALID'S HOTEL, 663 Main Street, Buffalo, N. Y., equal to any of the electrical or therapeutic methods used in any modern sanitarium in this country or Europe. This Institute has a complete installation which enables our physicians to select that form of electrical treatment to meet the individual requirement. In the electrical and general treatment room we have the mechanical vibratory stimulation, which improves nutrition, produces relaxation in the nervous and high-strung, and has a decidedly beneficial effect in many chronic ailments and in combination with electrical applications of the right kind brings about a decidedly beneficial effect in cases of neurasthenia, insomnia, hardening of the arteries, Bright's disease, rheumatism, etc.

In the electrical treatment room you will find the high frequency current, static electricity, sinusoidal, the ultra-violet rays and the Many disorders are the result of X-Rays. failure to eliminate poisonous accumulation (waste products) that should be carried off with the excretions. The high frequency current, with the judicious use of medicines, with Turkish and electric light baths, is in most cases successful in bringing about a normal, healthy condition, preventing disease, and in those who are afflicted with such incurable diseases relief is obtained and life prolonged. By perfectly natural processes we assist nature to make you well. Send for booklet on any Visitors are welcome. Come chronic disease.

and see for yourself.

BUFFALO, N. Y.

Buffalo's population is increasing at the rate of 15,000 a year. It is now nearly 475,000. New industries are locating in Buffalo at the rate of

107 a year.

Buffalo manufacturers emplay more than 60,000 hands.

Ruffalo workers make products valued at more than \$250,000,000 annually.

The capital invested in the Buffalo manufacturing

plants is \$243.250,000.

Latest census figures show an increase in capital in Buffalo plants of \$50,000,000 over the previous cen-

The same authority shows an increase of \$71,425,000

in annual output of products.

More than \$350,000,000 is invested in industrial plants on the Niagara Frontier. These plants are worth \$250,000,000.

Out of 339 different lines of manufacture recognized

by the United States Census Bureau, Buffalo has 200. Buffalo is one of the world's 10 greatest ports.

A total of 10,000 lake vessels arrive and depart from Buffalo annually.

The annual tonnage of these boats is nearly 20,000,ooo tons.

City, state and nation are spending \$150,000,000 on work directly or indirectly affecting Buffalo's water terminal facilities.

The Panama Canal is the biggest thing of its kind in the world. New York State's barge canal comes next, and more tonnage will pass through it than now goes through the Suez Canal.

The New York State barge canal is Buffalo's water-

way to the Atlantic seaboard.

Erie County, with Buffalo as the county seat, is first in value of farm property in New York State, and fourth in value of farm products.

The Buffalo district is the biggest lumber market in the world. Last year more than \$126,000,000 of lum-

ber were received here.

Each working day last year \$40,000 was spent in

new buildings in Buffalo.

For each working day during the last census period, covering five years, the products of Buffalo factories were increased by \$40,000.

These facts prove that Buffalo is growing. The

Buffalo Chamber of Commerce, which is behind every movement for the betterment of the municipality, has been largely instrumental in promoting this growth.

Every member may feel that he is helping.

Are you a member?

The last federal census shows that Buffalo made a percentage gain in value of manufactured products more than four times greater than the gains made by Pittsburg, and nearly three times that of Cincinnati.

The last federal census shows that Pittsburg lost in the number of wage-earners, whereas Buffalo made a

gain of 18 per cent.

Buffalo is the ninth city in manufacturing in the United States. Previous to the last census it was eleventh.

Buffalo people have \$334,249,000 on deposit in Buf-

falo banks.

Buffalo's postal receipts now total more than \$2,000,ooo annually.

Buffalo does more than six-tenths of all the malting

business in New York State.

Buffalo manufactures nearly one-third of all the automobiles, bodies and parts in New York State.

Buffalo factories make more than one-third of all the soap manufactured in this state.

More than one-fourth of all the flour and gristmill products made in this state are manufactured in Buffalo.

Buffalo does one-fifth of all the slaughtering and

meat-packing of New York State.

Thirteen industries of Buffalo do a business of from \$1,000,000 to \$5,000,000 annually each. These are not the largest industries.

Buffalo's automobile industry exceeds that of New

York City.

Buffalo's bicycle and motorcycle industry is six times larger than that of New York City.

Buffalo does twice as much steam-car and general

shop construction as New York City.

Sixteen railroads have terminals in Buffalo, making this one of the big railroad centers of this country. Eight steamship lines offer shipping facilities for

Buffalo manufacturers.

Industrial Buffalo has a population of more than

half a million.

Buffalo's Automobile Club is the largest in the world. It is larger than the entire membership of the Ohio State Automobile Association and is one-third of the entire membership of the New York State Automobile Association.

Sixty-seven thousand children attend Buffalo's pub-

lic schools, with 23,000 more in parochial schools.

Buffalo real estate is assessed at more than \$325,-

021,000. Practically all of it is home-owned.

Buffalo's customs receipts have doubled in the past vear.

#### PLACES OF INTEREST.

If your visit is only a few hours, and you do not care to go to a hotel, there are many good restaurants. Statler's, in Ellicott Square, will serve you a nice meal, table-d'-hote, 40c. and 60c. They also serve a la carte. The Delmont, another good restaurant, at 17 W. Eagle Street.

Having had something to eat, we will take a look around with a start from ELLICOTT SQUARE, which is practically the hub of our city, as it is the largest office building in the city.

Leaving the ELLICOTT SQUARE from the Main Street exit, we turn to the right, which is north, crossing South Division Street. To the west before us is a panorama of buildings and streets, which we will notice in detail.

Crossing Church Street within our view is the ERIE COUNTY SAVINGS BANK BUILDING—a monument to people who never return. On the opposite side, corner N. Division and Main streets, is the Mau BANK OF BUFFALO. Looking down Niagara Street we catch a glimpse of the D. S. MORGAN BUILDING, from the top of which a splendid birdseye view of the city can be obtained. On the opposite side is the MASONIC TEMPLE. In the distance is the McKINLEY MONUMENT.

Continuing our walk we pass the HOTEL IRO-QUOIS, one of the finest in the city, some of our large department stores, and arrive at LAFAYETTE SQUARE. This is the terminal of all interurban cars.

LAFAYETTE SQUARE, bounded by Main, Clinton, Washington and Lafayette, is the most valuable small park in the city. The ground is valued at one million dollars. It contains the Soldiers' and Sailors' Monument. The whole credit of erecting this tribute to the dead heroes of our country is due to the efforts of Buffalo women. The manument is eighty-five feet high and cost \$50,000.

To the right is the BRISBANE BUILDING. Across the street is HOTEL LAFAYETTE, which is new and first-class in all its appointments. In the foreground is the BUFFALO PUBLIC LIBRARY. Our eye now reaches away out Broadway, On the corner of Broadway, near Washingston, is the OLYMPIC THEATER, the GERMAN INSURANCE BUILDING, completing the square to Main Street.

On the left we notice the great music house of DENTON, COTTIER & DANIELS. They occupy the entire building at the corner of Pearl and Court, and it is one of the largest, handsomest and most practical music stores in America.

This firm is the oldest piano house in the country, having been established in 1827—eighty-eight years in Buffalo. Here is the home of the Steinway and other pianos and the marvelous Pianola Pianos, Victrolas, sheet music and everything pertaining to the music trade or profession is carried, and everything of the highest grade. A short visit to this store is one of the delights of "Seeing Buffalo."

Reaching Genesee Street, to the right in the fore-ground is the ELECTRIC BUILDING—18 stories (300 feet) high, built of steel, with ornamental terra cotta facing, finished in mahogany, and has a promenade around the dome at the top, which affords a splendid view of the city. THE BUFFALO SAVINGS BANK is also on the right. Nearly opposite the Bank is the NEW HIPPODROME. To the left is the HOTEL GENESEE,

Following West Genesee Street we pass the new MAJESTIC and GAIETY THEATERS. On the opposite side is the YOUNG WOMEN'S CHRISTIAN ASSOCIATION and the STAR THEATER. We are now in front of the MEN'S HOTEL, which is a part of the magnificent Y. M. C. A. BUILDING one of the best equipped in the world. Take a walk through; you will be made welcome. Rooms 50c. and 75c.

We are now at Niagara Square, in the center of which is the McKINLEY MONUMENT. Turning to the right we notice CASTLE INN, once the home of President Fillmore. DELAWARE AVENUE is the broad, shady street, with its foot on the river and its head stretching away to the Tonawandas. Studded on each side with beautiful homes, surrounded by well-kept grounds, it is the most beautiful street in the city.

Crossing NIAGARA STREET we reach Court Street. In the distance is ST. ANTHONY OF PADUA, and is the center of our Italian colony. Crossing West Genesee is the TOWNSEND'S HALL, a part of the UNIVERSITY OF BUFFALO. Continuing our view, to the corner of Court and Niagara is the YOUNG WOMEN'S CHRISTIAN ASSOCIATION BUILDING.

Having made a complete circuit of the Square, we will continue our walk south on Delaware, and one block finds us at the CITY HALL. On the right are the CITY COURTS BUILDING and ERIE COUNTY JAIL.

Ascending the broad steps of the City Hall we enter the grand court, in the center of which is a brass tablet marking the place where the body of our martyred President McKinley lay in state and was viewed by thousands of people. Making our exit through the opposite side, turning to Church street, we pass the IROQUOIS BUILDING and gaze with astonishment and delight at the beautiful building of THE NEW YORK TELEPHONE AND TELE-CGRAPH CO. The building on the corner of Pearl Street is the PRUDENTIAL.

Continuing on Franklin Street, we pass ST. JO-SEPH'S CATHEDRAL. One block east is the Dun building, the home office of R. G. Dun & Co., whose business it is to tell the world how rich you ain't.

Turning on Seneca Street, two blocks bring us to Main Street, on the four corners being the MARINE BANK, CHAMBER OF COMMERCE, BANKERS TRUST CO and PEOPLE'S BANK. We are now in the vicinity of all the offices of the daily papers. One block north is Ellicott Square.

We have now made a pretty good circuit of the downtown places of interest and we will take a few trips through the city; there are many ways of doing this. The "Seeing Buffalo" autos, fare \$1.00, and takes in Main Street, Delaware, North Richmond, The Park, in fact a great deal of the nicer portion of our city.

The STREET CAR is also a good way of visiting outside places of interest.

Taking a Main Street car we will pass many places of interest. Covering some of the ground already described, we are at Genesee Street. At 663 Main Street is Pierce's Invalid Hotel, which is fully described on page 1. One block further is the Teck Theatre and St. Louis' Church. Ascending the grade to High Street, to the east is the University of Buffalo, on the left is Holy Trinity English Lutheran Church and nearly opposite St. Peter's French R. C. Church. We now pass in quick succession and in the order named, Sister's Hospital, Main Street Grammer School No. 17 and Play Grounds, which

is noted for their success in athletics and genreal proficiency, Armory of Company I, Cavalry, Carnival Court,, Canisius College, St. Joseph's Academy, St. Vincent's Church, Humboldt Parkway (a beautiful drive extending nearly around the city), Providence Retreat and Insane Asylum, United States Marine Hospital, Deaf and Dumb Institute, Highland Park School, Central Presbyterian Church, Highland Temple F. & A. M., through the Central Park distirct to the City Line. The large buildings to the right are the Erie County Home and Hospital. The Country Club is also located nearby.

If you are interested in a visit to the Zoo, change cars at Florence Avenue, and a short ride brings you there. Here is a large and rare collection of animals and birds.

Again starting from Ellicott Square we take the Best Street car. We pass the Federal Building, through the Washington market, pass St. Michael's R. C. Church and Canisius High School, Sacred Heart Academy, Buffalo General Hospital, Masten Park High School, 65th Regiment Armory, the Reservoirs, Home of the Good Shepherd to Humboldt Park, a beautiful park of 56 acres, with a lily and wading pond and playground. Opposite is Grammar School No. 24.

Transferring to a Fillmore Avenue car we go east to Broadway. The Polish market is located near the corner of Fillmore and Broadway and is the center of the Polish district. Continuing east, transferring on Elk Street, you will pass over, under or through our railroad yards and Elk Street market and back again to Ellicott Square.

Our next trip will be by Elmwood car, which will take you through the Elmwood Avenue district, passing on our way Elmwood Music Hall and many new churches, Buffalo State Insane Asylum and Delaware Park, Albright Art Gallery, Historical Building and many manufacturing plants.

If you are interested in the live stock market, take a trip out William Street, where you can visit the second largest live stock market in the world.

If you care for flowers, take car No. 10 to the Botanical Gardens, passing over many of our large viaducts. At the extreme end of the line is Our Lady of Victory Protectory (Father Baker's) and is a lasting monument to the energies of a good man. A continuation of this trip will take you to the Lackawanna steel plant.

Ten minutes from Main Street on Seneca (take car No. 7) is situated the factories and offices of Larkin Co., factory-to-family dealers in household supplies. A visit to Buffalo without seeing the Larkin Factories is like going to Niagara without seeing the Falls. Furnished with a competent guide you are allowed through department after department, until you stand bewildered by the wonderful machinery, the varied industries and above all the absolute cleanliness of everything. The Administration Building itself is one of the most completely equipped office buildings in the world. Over 1200 people are in plain sight of visitors.

At the completion of the trip through the Administration Building you are shown in the Larkin Auditorium where after being seated at tables and while being served some of the Larkin Products, you are again shown through parts of the plant in wonderful Motion Pictures. The Motion Picture entertainment ends with some of the most wonderful views of Niagara Falls ever shown. The factories and offices are open daily from 8 to 4 P. M. except Saturdays.

#### SUBURBAN TROLLEY TRIPS.

BUFFALO-NIAGARA FALLS—Niagara Falls is the most interesting place for the tourists in the vicinity of Buffalo, and, as might be expected, the trolley service between the two cities is highly efficient and reliable. The famous "Yellow Cars" of the International Railway Company leave the Buffalo Terminal at Main and Court Streets at intervals of every fifteen minutes or less, according to the demands of the traffic. These cars, which are speedy, spacious and comfortable, go down Court Street, past the McKinley Monument, and into Niagara Street, continuing out this thoroughfare along the Buffalo river-front to Tonawanda Street, to Amherst, and go over the old Military Road into the Twin Cities of Tonawanda.

Leaving the Tonawandas behind, the cars now traverse the actual shore of the Niagara River, affording a superb view of the majestic stream, placid and unbroken as yet for several miles above the Upper Rapids. It has been well said that to fully appreciate the tremendous cataract and the final plunge into Niagara's chasm, one must see the river winding peacefully onward.

Arriving at Niagara Falls the car pulls into the International Railway Company's large Terminal on Riverway, where the tourist alights on the outskirts of Prospect Park, and within five hundred feet of the brink of the Falls.

THE NIAGARA BELT LINE.—The wonderful scenic trip, known as the Niagara Belt Line, is the most thorough way of "doing" Niagara Falls. No tourist who has taken this trip will ever hear it said: "Oh, you haven't half seen the Falls. You must go back there again." For, in very truth it can be said that one who has been around the Niagara Belt Line has seen practically everything in and around Niagara Falls worth the seeing.

The comfortable observation cars leave the International Railway Company Terminal on Riverway, Niagara Falls, New York, at frequent intervals, and, after skirting Prospect Park, cross the company's magnificent New Steel Arch Bridge. From the center of the bridge itself, where the car comes to a standstill, is obtained one of the most comprehensive views of the Falls and Upper Gorge.

Having crossed the bridge, the car proceeds up the Canadian Shore to Table Rock, at the brink of the Horseshoe Falls, and the mighty grandeur of the spectacle at this defies adequate description. The Belt Line ticket permits a stop-over at Table Rock, as it does at all the other points of interest along the route, so that the tourist may alight and remain over, taking a later car.

Resuming the trip, the tourist is now taken down the Canadian side through Niagara Falls, Ontario, opposite Suspension Bridge, N. Y., past the two mammoth railway bridges at this point. High above the Whirlpool Rapids the car travels on, down past the Whirlpool itself, past the superbly wooded Niagara Glen to Queenston Heights, from where a splendid birdseye view of the lower Niagara is to be seen.

The car now crosses the river again over the Lewiston connecting bridge, and the trip back up the river is made through the famous Niagara Gorge, close to the water's edge. Here the swirl and turmoil of the Whirlpool Rapids are seen close at hand until the route takes a gradual ascent, and after a long, leisurely climb, the car is once more back in Niagara Falls, N. Y., at the Terminal.

Round trip fare, \$1.00.

LOCKPORT AND OLCOTT BEACH.—A most interesting and instructive trip is that from Buffalo to Lockport, a thriving industrial city of Western New York, where, among other notable features, is to be seen the lift lock for the one-thousand-ton Barge Canal, now under course of construction. This lock is a triumph of engineering skill rivalling the famous

is a triumph of engineering skill rivalling the famous Gatum Dam of the Panama Canal.

The trolley trip from Lockport to Olcott Beach, through the picturesque Niagara County fruit country, is a delightful one. Olcott Beach is on Lake Ontario, and here are to be found many attractions for the summer visitor, including a beautiful park and recreation ground, with ample opportunity for amusement. The Olcott Beach Hotel, open from Decoration Day to Labor Day, is large and commodious and affords its guests an agreeable combination of comfort and luxury.

The round trip fare from Buffalo to Lockport is 50 cents, and from Buffalo to Olcott Beach during the summer excursion season, 75 cents, the regular round

trip between these two points being \$1.00.

#### EXPLANATION.

In this STREET GUIDE the names of the streets are set down in alphabetical order, giving the course in which they run and the NEAREST STREET CAR LINE.

ALL HIGHWAYS having a width of 66 feet and over to 100 feet are called avenues, 30 to 66 feet are called streets; less than 30 feet places. This does not apply to parks,

ALL STREETS which intersect the same are numbered in the order in which they occur.

THE CITY is laid out on a general plan of streets

converging toward the business center.

STREETS starting from the lake or river are numbered north or east therefrom.

STREETS running east and west from Main street are numbered east and west from that street, with the exception of those which start from the river. All streets running north and south are numbered south to north.

STREETS running from certain given points, where no intersecting streets follow, run but a short distance

from the starting point.

In describing the street the STARTING point and direction are given; the last intersecting street named is the terminal.

Each number counts TEN feet along the street, so that 528 on any street is just 5280 feet, or one mile from the starting point.

The word STREET is ALWAYS understood.
The ABBREVIATIONS or NUMBERS on the right hand column indicate the STREET CAR SERVICE.

THE NUMBER on the left hand of column indi-

cates the number of street at intersecting street.

The LETTER and NUMBER following the name is a Key to the Map.

To find any location turn to street, find nearest NUMBER at INTERSECTING STREET and the

ABBREVIATION or NUMBER will show the NEAREST STREET CAR.

North by N; Northeast by N. E.; Northwest by N. W.; South by S.; Southeast by S. E.; Southwest by S. W.; East by E.; West by W.; Junction by Junc.; Avenue by Av.; Road by Rd.; Place by Pl.; Boulevard by Boulv'd; Parkway by Pkwy. A dash (—) indicates that the street has not yet been cut through.

#### KINDS OF PAVEMENT.

The capital heavy-faced letters given first in connection with street names indicate what the street is paved with, as follows:

A-Asphalt.

B—Brick. C-Cement.

S—Stone, M—Macadam.

Where no letter is given, the street is unpaved. An X before an intersection indicates that the pavement ends.

A change in the pavement or the beginning of a new kind of pavement is indicated at the intersection where it occurs, by the letter representing the kind of pavement.

EXAMPLE:

#### ALABAMA—M-8

W fr Buffalo river 17 South ..... 133 O'Connell ...... B 255 Elk ..... A 329 Perry .....

caps, and the abbreviations, 10, 11, 7, indicate the line of car service for each street. M-8, Key to Map.

#### ROUTES OF STREET CAR LINES.

ABBOTT ROAD LINE—From Woodside, Abbott rd., Bailey, Seneca, Swan to Erie, returning Erie, So. Division, Chestnut, Swan. Seneca. Bailey, Abbott to Woodside. Car every 10

Abt

Bailey, Abbott to Woodside. Car every 10 minutes.

### OPTOID LENSES

A Glimpse
of Our
Workshop

# THE LAST TIME YOU BROKE YOUR GLASSES

you possibly had to wait two or three days while a new lens was being ordered from a distant city. In the meantime you suffered all the vexations and inconvenience occasioned by the delay.

### NEXT TIME, COME TO US!

We have a complete workshop right on the premises. You'll be surprised to learn how soon we can grind a new lens for you.

Order as the Dessert of your next Sunday Dinner:

# Wheat's

## Special Brick

25

I A house without a foundation would be extremely novel, vet this is the position of the business affairs of the many Ice Cream manufacturers who are forced to buy milk and cream in the open market. Uncertain quality and inconstancy of supply are the main objections to this policy, which, in trade parliance, is termed 'hand to mouth system.' The Wheat's Ice Cream Company has for many years owned its model creamery at Akron, New York, at which there is assembled daily the milk and cream from hundreds of dairy farms.

# ARMORIES, FORTS AND MILITARY COMPANIES.

- CAVALRY, Troop I, FIRST CAVALRY, N. G. N. Y.—Headquarters 999 Delavan.
- SEVENTY-FOURTH REGIMENT ARMORY—Occupies block bounded by Niagara, Connecticut, Vermont Streets, and Prospect Avenue. Cost nearly half a million dollars. One of the most magnificent military structures in the United States.
- SIXTY-FIFTH REGIMENT ARMORY, now 3rd ARTILLERY—Occupies block bounded by North, Masten and Best. It has a beautiful location, overlooking the city from every point. Its appointments are of the best. Bst. or Mch.
- THIRD SEPARATE NAVAL DIVISION—Has headquarters at 74th Armory. This is a new company and invites recruits.
- FORT PORTER—Front Ave., north of Porter Ave.
  The fort is a U. S. Army Post, and is beautifully situated, standing as it does on a hill overlooking Niagara River. A visit here at sunset, when a dress parade occurs, is always interesting.
- FOURTH BRIGADE—Headquarters German Insurance Building.
- G. A. R. AND W. R. C.—The headquarters of the Memorial and Executive Committee of the City of Buffalo are at G. A. R. Hall, located in the City Convention Hall, Virginia, cor. Elmwood Ave. E.

#### TRAFFIC ORDINANCE

#### Terms:

"One-way traffic" is traffic restricted to one direction.

"Parking space" shall mean that part of any street designated by ordinance or regulation as a place for

the standing of vehicles.

"Parallel parking" is the leaving of a vehicle on the right hand side of a street with its right wheels as near as practicable to, and not more than six inches from, the curb; except that on streets in which traffic is permitted to move in one direction only, it shall mean the leaving of a vehicle with the wheels on the side indicated as near as practicable to, and not more than six inches from, the curb designated.

"Perpendicular parking" is the leaving of a vehicle in such a position that its axis will form substantially a right angle with the curb, with the front or rear wheels as near as practicable to, and not more than

six inches from, the curb.

"Diagonal parking" is the leaving of a vehicle in such a position that its axis will form an angle of substantially forty-five degrees with the center line of the street.

"Center parking" is diagonal parking with front and rear ends of vehicle equally distant from the

curb, respectively, nearest thereto.

"Reckless driving" for the purpose of this chapter shall include driving or using a vehicle or street car or any appliance or accessory thereof in a manner which unnecessarily interferes with the free and proper use of the highway, or unnecessarily endangers users of the highway.
"Safety zones" shall mean such spaces within a

street or public highway as shall be established for

persons on foot.

"Safety lane" shall mean such portion of a street extending from curb to curb as shall be established as a crossing for pedestrians.

In turning to the RIGHT keep close to the curb. In turning to the LEFT do not turn until beyond

the center of the street; use CAUTION.

In passing around a Circle, keep to the RIGHT. In turning in the street always turn to the left. Don't pass nearer than seven feet of a Street Car

receiving or discharging passengers.

Don't pass on the LEFT side of a street car going

in the same direction.

The U. S. Mail, Police, Fire Department, Fire Patrol, Bureau of Buildings, Emergency Trucks, Ambulances, have the RIGHT OF WAY. Get out of the way.

Don't go through a procession.

Don't turn to the LEFT on Main between Seneca and Chippewa after 5; until 6.30 P. M.

Don't argue with a man that intersects you from

your RIGHT. He has the right-of-way.

Don't argue with a Motorman. The Street Car

HAS the right-of-way.

Don't drive on the left of the middle of the street. Don't PASS on the right side of a vehicle going same way.

Don't drive through a Safety Zone.

Don't use your "Cut out."
Don't use a Gong or Sireine.

Don't drive past a horse if signaled. STOP.

Don't turn to the right or left, or Stop, without warning those following.

Don't drive reckless. Be careful, "Safety First."

Don't drive reckless. Be careful, "Safety First."

Don't drive faster than 12 miles per hour on Main, south of Allen.

## Protect Valuables

Mount would not think of keeping money at home in a drawer or chest, and yet valuables are frequently deposited in some receptacle about the house where they are liable to be stolen or destroyed. We specialize in the safe-guarding of valuables and have seven vaults in which to care for our three departments, viz:

Safe Deposit Boxes Cold Storage for Furs Silver Storage

We respectfully invite you to inspect our plant and equipment.
